ANNUAL REPORT OF THE SUPERINTENDENT OF INSURANCE

JULY 26, 1926.

GENTLEMEN: I have the honor to submit herewith the report of the department of insurance for the year ended December 31, 1925. The statistics used are taken from the annual financial statements of all insurance concerns transacting insurance business in the District of Columbia, in accordance with section 647 of the code.

COMPANY OR ASSOCIATION LICENSES ISSUED

During the year a total of 441 licenses were issued to companies and associations to transact the business of insurance in the District as against 418 last year, or a net gain of 23.

PREMIUMS AND LOSSES PAID

There were collected by the insurance concerns in the District during the year a total of \$22,319,645.29 as premiums, and paid by them for losses the sum of \$6,619,897.68. These two totals were made up as follows:

	Premiums	Losses
Stock life and mutual companies and associations.....	\$13,956,832.41	\$3,571,372.35
Fraternal associations.....	672,780.46	414,610.72
Assessment life, health, and accident companies and associations (sec. 653).....	1,886,444.20	634,086.99
Fire and marine companies.....	3,366,700.63	1,162,517.77
Reciprocal exchanges.....	13,811.49	2,457.40
Casualty companies.....	2,423,076.10	844,832.45
Grand total.....	22,319,645.29	6,619,897.68

For the year 1924 the insurance premiums collected and the losses paid in the District were \$19,637,322.58 and \$6,513,884.33, respectively, a gain in premiums of \$2,682,322.71, and an increase in losses paid of \$106,013.35.

FIRE INSURANCE PREMIUMS AND LOSSES

A comparative statement is given below of the fire insurance premiums collected and the losses paid for the past 10 years in the District, viz:

	Premiums received	Losses paid	Percentage
1916.....	\$871,944.81	\$348,684.45	39
1917.....	988,277.03	150,902.44	15½
1918.....	1,208,030.03	231,140.60	19½
1919.....	1,553,605.85	561,784.62	36½
1920.....	1,860,474.07	424,310.19	22½
1921.....	1,644,964.74	589,198.18	35½
1922.....	1,996,996.79	1,099,187.28	55
1923.....	2,442,344.58	819,799.52	33½
1924.....	2,234,029.11	871,674.30	39
1925.....	2,521,798.62	847,686.35	33½
Grand total.....	17,322,485.63	5,944,277.93	34½

Naturally the loss ratio to the premiums received varies from year to year, depending upon the number of large conflagrations. In 1922 the losses paid soared to \$1,099,187.28 as against premiums collected of \$1,996,996.79, while in 1925 the losses were only \$847,-686.35, and premiums collected aggregated \$2,521,798.62.

The District of Columbia enjoys very low fire insurance rates, owing to the fact that we do not have any large industrial or manufacturing plants found in other cities, and, further, because we have wide streets, and up-to-date, well-equipped, and efficient fire department, and no overhead or dangerous electric wires in the congested business sections.

With the installation of the proposed new high-pressure water system in the more hazardous sections, there is no reason why fire insurance rates should not be even lower in the District.

REVENUES OF THE DEPARTMENT IN 1925

The collections by the department were as follows:

Licenses for companies, associations and orders.....	\$10, 725. 92
Licenses for principal agents.....	14, 808. 52
Licenses for solicitors.....	13, 033. 24
Licenses for brokers.....	2, 754. 26
Assignments of licenses.....	118. 00
Miscellaneous revenues.....	712. 00
Taxes.....	241, 901. 93
Total.....	284, 053. 87
The total revenues in 1924 amounted to.....	273, 323. 07
Increase of 1925 over 1924.....	10, 730. 80

EXPENSES OF THE DEPARTMENT

The operating expenses of the department in 1925 were as follows:

Salaries of all employees.....	\$18, 032. 52
Contingent expenses.....	1, 881. 26
Total.....	19, 913. 78
In 1924 the operating expenses of the department were.....	16, 698. 22
Increase.....	3, 225. 56

This increase is due to readjustment of salaries and the filling of vacancies in the office force.

 Columbian Circle, Chicago, Ill., and National Protective Life Association, Waverly, N. Y., to Chicago Fraternal Life Association, Chicago, Ill.

COMPANIES AND ASSOCIATIONS EXAMINED

The following concerns were examined by this department during 1925:

	As of—
Capital City Benefit Society.....	May 30, 1925.
Federal Life Insurance Co.....	Dec. 31, 1924.
Home Beneficial Association, Richmond, Va.....	Dec. 31, 1924.
Knights of Pythias of N. A., S. A., etc.....	Dec. 31, 1924.
Mutual Insurance Co. of Richmond, Va.....	Dec. 31, 1924.
Potomac Insurance Co.....	June 30, 1925.
Southern Aid Society of Virginia (Inc.).....	Dec. 31, 1924.
Provident Relief Association.....	Dec. 31, 1924.

No charge is made at the present time by the department for the examination of local companies and associations licensed under section 653 of the code, and when it is necessary for our examiner to go outside the District, he is only allowed the necessary travel and hotel expenses.

An opinion rendered by the corporation counsel on June 18, 1925, makes it permissible for the department to accept reports of examination from other jurisdictions in lieu of independent examinations being made by our examiners as required under section 653. This procedure not only saves the insurance concerns money but prevents interference with office routine, which is so often strenuously objected to by particularly the larger insurers.

SECTION 651 OF THE DISTRICT CODE OF LAWS

The department complied with section 651 of the code and submitted to your honorable board in March last the financial condition of each insurance company and association doing business in the District for the year ending December 31, 1925. The financial statements from which this information was gathered have since been audited and the correct amount of assets, liabilities, and surplus of each insurer is shown hereafter.

SECTION 653.—COMPANIES OR ASSOCIATIONS

It has come to the attention of the department that policyholders of the various companies or associations known as life, health, and accident concerns licensed under section 653 of the code are receiving benefits far in excess of their total income. This practice should not be permitted, as it was never intended that insurance of this nature would so indemnify.

When such policyholders know that they can obtain unlimited benefits for accident or illness many times they yield to the solicitations of unscrupulous agents and as a result take out more insurance than they can possibly pay for. This means the lapsing sooner or later of policies, thus causing trouble and financial loss to both the companies and their agents, as well as dissatisfaction to the insured.

Again there are doctors in the District who for a consideration will make out fictitious sick or accident claim blanks, charging anywhere from \$1 to \$3 for each, and as it usually takes but a short while to fill out a blank, it means money very easily made. Thousands of dollars are paid by insurance companies in the District each year on

account of false claims. Some of these companies or associations give their representatives too much latitude in the payment of claims, and not sufficient attention is paid to the justness or correctness of the same. If one agent can pay a claim more promptly than his competitor it means new business to him many times, and when these false claims are detected and the other insurers on the risk refuse to pay, the policies are lapsed, thus causing unnecessary trouble.

An agreement should be made between all these insurance concerns as to the maximum amount of weekly or monthly benefits that will be paid to any policyholder, which in no case can exceed the total income of the insured. Each application for insurance should show the total amount of insurance in force as well as the name of each company, and when it is discovered that there is overinsurance the benefits should be prorated and accordingly reduced to the proper basis.

This arrangement would save considerable money to the insurers and lift this class of insurance to a considerably higher plane.

PROPOSED NEW INSURANCE CODE

It is to be regretted that after strenuous efforts and many conferences between the various insurance interests it was impossible to agree upon a final draft of a new insurance code for the District before the Congress adjourned, though it is believed that more was accomplished this year than ever before. As the matter now stands only a few sections have not been approved by all the insurance concerns and representatives, but it is believed that this can be done previous to the opening of the next session of the Congress.

THE LEGAL RESERVE LIFE INSURANCE BILL

The legal reserve life insurance interests have had Senator Sackett, of Kentucky, introduce a separate bill for them, which is known as Senate bill 4182. This has been reported to the Senate and is now on the calendar for action at the December session. This latter bill is slated for early action.

It has been practically agreed upon to give the life insurance interests such legislation as they are sadly in need of inasmuch as they are all in agreement and there has never been any opposition whatsoever to such legislation.

NEED FOR NEW INSURANCE LEGISLATION

The lack of up-to-date insurance laws has caused a number of large insurance companies to locate elsewhere. Your attention is called to the fact that Hartford, Conn., with a population of less than 150,000, has life insurance companies alone domiciled there representing assets of over \$760,000,000, not mentioning the large fire, casualty, and surety companies also having their home offices in that city.

There is no reason why Washington should not be a strong competitor of Hartford. We have everything in our favor, and the large

insurance companies should be encouraged to locate here and be guaranteed the same protection as is possible for them to receive anywhere. Connecticut has good insurance laws and the District of Columbia should have equally the same.

COMPULSORY AUTOMOBILE INSURANCE

This subject will, in all probability, very shortly be brought up in the Congress. Massachusetts has a compulsory automobile insurance law which goes into effect January next and which is causing no little concern to that State. Up to a very recent date no agreement had been arrived at as to adequate rates. It is the opinion of those who have made a very close study of this question that the solution is not with insurance companies, but with the police courts. Jailing reckless drivers for long sentences, it is believed, will do more to reduce accidents than any other method possible.

Mention is made here of this matter to call your attention to what is being done elsewhere.

THE MODERN WORKMEN OF THE WORLD SOCIETY

For a number of years the affairs of the Modern Workmen of the World Society have been in litigation in the District. This concern has had a checkered career, operating from 1893 to 1903 as the Western Industrial Association, then chartered in Virginia under the name of the Modern Workmen of the World, and operating in both Alexandria, Va., and the District from 1903 to 1911. Its name was changed in 1911 to the Royal Life Insurance Co. and it operated in Washington from that year until 1913. Its name was again changed, and in the meantime it took out a charter under the laws of Delaware, its headquarters shifting between Takoma Park, Md., Alexandria, Va., and the District. This society was supposed to insure colored people only, but it was officered by white men, who were also members of the same. It has always posed as a fraternal society. At the present moment there are securities worth approximately \$34,000 in the hands of the Registry of the Court of Appeals for the District of Columbia which belong solely to the policyholders of record. Many of the policies were endowment and limited payment life contracts and have long since matured. In fact, a number of the members of the society have died, but the proceeds of the policies have never been turned over to the beneficiaries. Large legal fees have reduced the assets from \$42,000 to about \$34,000, and there is now pending in the United States District Court for the Eastern District of Virginia an additional suit instituted recently asking for the appointment of receivers to take charge of all assets for distribution under orders of the court.

This is a good example of the need of adequate insurance legislation to protect the insuring public, and even though the vast majority of the members of this particular concern are colored, there is no reasonable excuse for these assets to be allowed to dwindle away when they are the rightful property of the policyholders of the Modern Workmen of the World Society.

GENERAL REMARKS

It is only proper that mention should be made of the cordial relations existing between all the insurance companies and associations transacting business in the District and this department. The various officials, as a rule, do not hesitate to go out of their way to meet our wishes and follow our suggestions, particularly respecting doubtful claims and the licensing of certain agents who do not hesitate to resort to questionable and unethical methods in their solicitation and writing of applications for insurance. These officials recognize the handicaps under which the department works and lend us every assistance possible at all times.

Though the department lost a stenographer on July 1, 1925, owing to a reduction in the salary appropriation, were it not for the hearty cooperation of each employee the work would not be in its present excellent condition.

All the records of the department are properly kept, easy of access to the public, and the employees are faithful and efficient.

Respectfully submitted.

T. M. BALDWIN, Jr.,
Superintendent of Insurance.
